ELSEVIER

Contraception

Contraception 62 (2000) 333–335

Subject index**Volume 62****July–December 2000**

- Acceptability,
lactational amenorrhea method, 221
levonorgestrel-releasing intrauterine system, 59
testosterone implants, 73
- Adolescents,
OC use and relationship to cardiovascular risk factors, 113
use of DMPA, 137
- Advantage-S, rheological properties, 321
- Amenorrhea, benefits, 277
- Analgesic use, medical abortion, 311
- Antifertility effect, *Piper betle Linn.* (male mouse), 271
- Antimicrobial contraceptive formulation, new vaginal suppository, 91
- Austropplenckia populnea leaves, effect on male reproductive system (rat) 45
- Barrier birth control method use,
characteristics of users, 5
predictors of consistency of use, 5
- Bioadhesive formulation, new vaginal suppository, 91
- Birth control method choice, user characteristics, 5
- Bleeding pattern,
use of estradiol cypionate + medroxyprogesterone acetate, 289
use of OCs, 289
use of triphasic ethinyl estradiol + norethindrone, 289
- Bone mineral density, use of DMPA, 161
- Breastfeeding, effect of etonogestrel, 239
- Cardiovascular risk factors, relationship of OC use, 113
- Cervical epithelium, effect of placebo vaginal ring, 83
- Cervical mucus extraction techniques, sperm function studies, 231
- Choice of whether or when, menstruation, 277
- Clinical experience,
ethinyl estradiol + desogestrel, 131
ethinyl estradiol + gestodene, 131
- Clinical trial, depot-medroxyprogesterone acetate, 15
- Composite root extract, effect on endometrial surface epithelium (rat), 51
- Conceptrol, rheological properties, 321
- Cyclodextrin, effect on spermicidal activity of maigainin, 99
- Cyproterone acetate + testosterone bucinate, male contraceptive (monkey), 195
- Depot-medroxyprogesterone acetate (DMPA), clinical trial, 15

- effect on bone mineral density, 161
effect on vaginal histology, 23
effect on weight, 55
use in adolescents, 137
- Diabetes mellitus, effect of ethinyl estradiol + norgestrel (rat), 327
- Dietary fibers, effect on pharmacokinetics of ethinyl estradiol (rabbit), 253
- Discontinuation, low-dose OCs, 285
- DL111-IT, non-hormonal pregnancy-terminating agent, 189, 211
- DL111-IT + mifepristone,
medical abortion (monkey), 189
medical abortion (mouse, rat, hamster), 211
- DMPA (depot-medroxyprogesterone acetate)
- Drospirenone, pharmacology and pharmacokinetics, 29
- Ectopic gestation, after emergency contraceptive pill failure, 275
- Efficacy,
lactational amenorrhea method, 217, 221
male latex condoms, 315
testosterone implants, 73
- Emergency contraception,
characteristics of users, 1
factors influencing use, 1
- Emergency contraceptive pill failure,
case report, 275
ectopic gestation, 275
- Endoluminal tubal coagulation sterilization (rabbit), 141
- Endometrial surface epithelium, effect of composite root extract (rat), 51
- Estradiol cypionate + medroxyprogesterone acetate, effect on bleeding patterns, 289
- Ethinyl estradiol,
effect of dietary fibers on bioavailability (rabbit), 253
pharmacokinetics (rabbit), 253
- Ethinyl estradiol + desogestrel, clinical experience, 131
- Ethinyl estradiol + dienogest, effect on insulin-like growth factor and growth hormone, 259
- Ethinyl estradiol + drospirenone, clinical study, 29
- Ethinyl estradiol + gestodene, clinical experience, 131
- Ethinyl estradiol + levonorgestrel, effect on insulin-like growth factor and growth hormone, 259
- Ethinyl estradiol + norethindrone, effect on vaginal flora and vaginal epithelium, 107
- Ethinyl estradiol + norgestrel, metabolic effect (rat), 327
- Etonogestrel,
effect on breastfeeding, 239

- effect on thyroid and adrenal function, 247
 Extraction techniques, sperm evaluation in cervical mucus, 231
- Female condom,
 Reality, 63
 structural integrity after use and after repeated washings, 63
- Filshie clip, tubal sterilization, 169, 177
- Fumagillin, effect on reproductive processes (monkey), 155
- Glucose metabolism, effect of levonorgestrel, 19
- Gossypol,
 effect on sperm acrosomal enzymes (hamster), 203
 effect on spermatozoa (hamster), 203
- Growth hormone, effect of OC steroids, 259
- Gynol II, rheological properties, 321
- Health Consequences, discontinuation of OC use, 285
- High altitude, influence on menstrual patterns, 181
- HIV (human immunodeficiency virus)
- HIV-infected women, postpartum sterilization, 79
- Hulka clip, tubal sterilization, 169, 177
- Hypersensitivity reactions, placement of laminaria tents, 105
- Implanon® implants,
 implants, effect on breastfeeding, 239
- Implant contraceptive,
 etonogestrel, 239, 247
 levonorgestrel, 19
 testosterone, 73
 testosterone + finasteride, 73
- Implanon®,
 effect on thyroid and adrenal function, 247
- Injectable contraceptive,
 cyproterone acetate + testosterone buciclate (monkey), 195
 depot-medroxyprogesterone acetate, 15, 23, 35, 137, 161
 estradiol cypionate + medroxyprogesterone acetate, 289
- Insulin-like growth factor, effect of OC steroids, 259
- Intrauterine device (IUD),
 levonorgestrel-releasing intrauterine system, 59
 T-shaped, 165
- Knowledge, emergency contraception, 1
- KY Plus, rheological properties, 321
- Lactation, effect on menstrual patterns, 181
 Lactational amenorrhea method,
 acceptability, 221
 efficacy, 217, 221
- Laminaria tent, hypersensitivity reactions, 105
- Laparoscopic clip tubal sterilization, effect on ovarian function, 177
- Laparoscopy, clip tubal sterilization, 169, 177
- Latex condoms, effectiveness, 315
- Levonorgestrel,
 effect on glucose metabolism, 19
- effect on thyroid and adrenal function, 247
 Levonorgestrel-releasing intrauterine system, acceptability and performance, 59
- Low-dose OCs, health consequences of discontinuation, 285
- Lunelle™, clinical trial, 289
- Magainin,
 effect on pregnancy (monkey), 39
 spermicidal activity, 99
- Male antifertility agent, *Piper Betle* Linn. (male mouse), 271
- Male contraceptive,
 cyproterone acetate + testosterone buciclate (monkey), 195
 testosterone implant + finasteride, 73
 testosterone implants, 73
- Male reproductive system, effect of *Austroplenckia populinnea* leaves (rat), 45
- Medical vs. surgical abortion, 117
- Medical abortion,
 DL111-IT + mifepristone (monkey), 189
 DL111-IT + mifepristone (mouse, rat, hamster), 211
 effect of parity on outcome, 297
 efficacy, acceptability and cost, 117
 methotrexate + misoprostol, 117
 mifepristone + gemeprost, 297
 mifepristone + meteneprost, 125
 mifepristone + misoprostol, 125, 305, 311
 narcotic analgesic use, 311
 Menstrual frequency, choice, 277
- Menstrual patterns,
 effect of continued breastfeeding, 181
 women living at high altitude, 181
- Menstruation, choosing whether and when, 277
- Metabolic effect, ethinyl estradiol + norgestrel (rat), 327
- Meteneprost (9-methylene PGE2 gel)
- Methotrexate + misoprostol, medical abortion, 117
- Mifepristone (RU486)
- Mifepristone + DL111-IT,
 medical abortion (monkey), 189
 medical abortion (mouse, rat, hamster), 211
- Mifepristone + gemeprost, medical abortion, 297
- Mifepristone + meteneprost, medical abortion, 125
- Mifepristone + misoprostol, medical abortion, 125, 305, 311
- Minilaparotomy, clip tubal sterilization, 169
- Misoprostol (PGE1 analogue)
- Nonoxynol-9, effect on rectal epithelium, 149
- Norplant implants, effect on glucose metabolism, 119
- OC (oral contraceptive)
- OC use, relationship to cardiovascular risk factors, 113
- Onset of pain and bleeding, medical abortion, 305
- Oral contraceptive (OC),
 discontinuation, 285
 effect on bleeding patterns, 289
 ethinyl estradiol + desogestrel, 131
 ethinyl estradiol + dienogest, 259
 ethinyl estradiol + drospirenone, 29

- ethinyl estradiol + gestodene, 131
 ethinyl estradiol + levonorgestrel, 259
 ethinyl estradiol + norethindrone, 107
 triphasic ethinyl estradiol + norethindrone, 289
 Ovarian function, effect of laparoscopic sterilization by Hulka or Filshie clips, 177
- Pain and bleeding onset, medical abortion, 305
 Parity, effect on outcome of medical abortion, 297
 Patterns in onset of pain and bleeding, medical abortion, 305
 Performance, levonorgestrel-releasing intrauterine system, 59
 Pharmacokinetics, ethinyl estradiol (rabbit), 253
 Pharmacology and pharmacokinetics, drospirenone, 29
Piper betle Linn., antifertility effect (male mouse), 271
 Placebo vaginal ring, effects on vaginal and cervical epithelium, 83
 Position dynamics after insertion, T-shaped IUDs, 165
 Pregnancy, effect of magainin (monkey), 39
 Pregnancy rate, male latex condoms, 315
 Progestogen, drospirenone, 29
- Reality female condom, structural integrity after use and after repeated washings, 63
 Rectal epithelium, effect of nonoxynol-9, 149
 Reproductive processes, effect of fumagillin (monkey), 155
 Rheological properties, contraceptive gels, 321
 RU486 (mifepristone)
- Sperm acrosomal enzymes, effect of gossypol (hamster), 203
 Sperm evaluation in cervical mucus, 231
 Spermatozoa,
 effect of *Austropplenckia populnea* leaves (rat), 45
 effect of gossypol (hamster), 203
 Spermicidal activity,
 magainin, 99
 magainin + cyclodextrin, 99
 STD (sexually transmitted disease)
 STD prevention, use of barrier birth control methods, 5
- Sterilization,
 endoluminal tubal coagulation (rabbit), 141
 Filshie clip, 169, 177
 Hulka clip, 169, 177
 postpartum HIV-infected women, 79
 Streptozotocin-induced diabetic rat, effect of ethinyl estradiol + norgestrel, 327
 Structural integrity, female condom after use and after repeated washings, 63
 Surgical vs. medical abortion, 117
 Surgical abortion, efficacy, acceptability and cost, 117
- T-shaped IUDs, position dynamics following insertion, 165
 Testosterone implants, male contraceptive, 73
 Testosterone implant + finasteride, male contraceptive, 73
 Thyroid and adrenal function,
 effect of etonogestrel, 247
 effect of levonorgestrel, 247
 Triphasic ethinyl estradiol + norethindrone, effect on bleeding patterns, 289
 Tubal sterilization,
 endoluminal coagulation (rabbit), 141
 Filshie clip, 169, 177
 Hulka clip, 169, 177
- User characteristics, emergency contraception, 1
- Vaginal administration, effect of magainin on pregnancy (monkey), 39
 Vaginal contraceptive, new antimicrobial formulation, 91
 Vaginal epithelium,
 effect of OC use, 107
 effect of placebo vaginal ring, 83
 Vaginal flora, effect of OC use, 107
 Vaginal histology, effect of DMPA, 23
 Vaginal ring, effects on vaginal and cervical epithelium, 83
- Weight, effect of DMPA, 55
 Working women, efficacy of lactational amenorrhea method, 217
